It is clearly understood and accepted by the Beneficiary **that TARJETA CELESTE's plans** do not constitute, for any reason, insurance or related product, such as: a social security or prepaid medicine program, a home medical service or unlimited medical service. Therefore, they do not have as their main purpose the complete health, nor the definitive treatment of the beneficiary's ailments. The medical assistance services to be **provided by TARJETA CELESTE** are expressly limited and only to acute-framed emergency treatments and are solely aimed at primary travel assistance of sudden and unpredictable events where a clear, verifiable and acute medical condition or disease has been diagnosed that prevents the normal continuation of a trip, provided that such illness or medical condition is not on the list of exclusions. These plans are designed to ensure the Primary and Normal and Initial Recovery of the Beneficiary and the physical conditions that allow a normal continuation of their trip. They are not designed or contracted to:

- Elective medical procedures
- Routine medical checkups or checkups that have not been previously authorized by the Assistance Services Center

Any assistance or treatment will cease and will not be **the responsibility of TARJETA CELESTE** once the Beneficiary returns to his place of residence or when the validity period of the chosen plan expires. The acquisition by a Beneficiary of one or more vouchers does not produce the accumulation of the benefits or the time contemplated therein, in these cases only the stops established in the voucher that has been issued first may be applied.

NOTE: It is clearly understood by the Beneficiary that this plan is a travel assistance product and that in the event that it is offered through an insurance company it does not make it an international health insurance.

On the other hand, once the validity of the voucher has started, the Beneficiary will not be able to make changes or extension of the contracted product, nor will the cancellation of the voucher for any reason, nor under any circumstances. Notwithstanding the foregoing, when the Beneficiary extends his/her journey unforeseen, he/she may request the issuance of a new voucher. **TARJETA CELESTE** reserves the right to accept or deny this renewal without further explanation under the following conditions:

- a. The Beneficiary may not request the renewal of his voucher if he/she has made use of any **of the TARJETA CELESTE services during** the term of the first voucher.
- b. The Beneficiary may renew their voucher with a plan that has the same coverage as the first or greater, will not issue a new voucher with less coverage than originally contracted.
- c. The Beneficiary must request authorization for the issuance of a new voucher exclusively to the issuing agent with whom it contracted the original assistance or if it has been purchased on the website, through the "Contact" form on it, indicating the number of days that it wishes to contract, the issuing agent is obliged to **inform TARJETA CELESTE** that it is an issuance in destination country, and will request authorization for the new contracting period.
- d. The request for the issuance of a new voucher must be made before the end of the validity of the original voucher.
- e. The Beneficiary must make the payment of the new voucher at the time of issuance.

The new plan of your travel assistance service and its corresponding voucher issued in the conditions referred to in this clause may not be used under any circumstances, to initiate or continue the treatment and / or assistance of problems that have already arisen during the term of the first original and / or previous voucher or before the validity of the new plan and / or voucher, regardless of the ongoing procedures or treatments have been authorized **by TARJETA CELESTE** or by third parties. Any medical assistance treated during the term of the first voucher will automatically be considered as pre-existence during the term of the second voucher and will therefore not be assumed by **TARJETA CELESTE**.

When the validity of the previous voucher has ended at the time of purchase or the passenger purchases at the destination, the voucher will be issued with a 15 (fifteen) days grace period for COVID-19 expenses and 3 (three) days for any other contemplated expenses within the coverage chart.
